

Hospital Christmas Cards Feature Donnie Grover, 7

A seven-year-old second-grader from Hollywood Riviera is helping to build the larger and more modern Torrance Memorial Hospital.

He is Donnie Grover, son of Mr. and Mrs. Herold Grover of 336 Calle de Andaluia, Hollywood Riviera. He wears a brush haircut, a winning smile and is "all boy," according to his grandmother, Mrs. Emma Kildow. Donnie is helping to build the hospital by having his picture featured on the new Torrance Memorial Hospital Christmas cards.

These cards are being used by businessmen of Torrance and the surrounding area to make sure that the children, and grownups too, of this area will not want for hospital beds and modern care.

It has long been the custom of businessmen, like Donnie's father, a pharmacist and owner of the Rosecrans Pharmacy in Manhattan Beach, to send gifts to their friends and business associates at Christmas-time. This year, with the great need for modern hospital facilities here brought home to them an appropriate way of greeting their friends, and getting their hospital built, too!

The cards are decorated with

a holly and ribbon design and feature a handsome picture of Donnie sitting up in his hospital bed at Torrance Memorial after his recent tonsilectomy.

To the person who receives the card Donnie says, "I shall not want, because in your name, a portion of Torrance Memorial Hospital will be built."

Inside, the card bears a sincere wish for a Happy Christmas from the person who has made the donation. The text of the card goes on to explain that this thoughtful gift will be used to provide bed space for patients, operating rooms, modern maternity facilities and equipment greatly needed by the 206,000 persons in the area the hospital serves. "He taught us to love one another," the text ends.

For a little fellow, Donnie is doing a big job this Christmas-time to help the folks in his community build for the present and for future generations as well.
